## IGS FOUNDATION COMMITMENT

### IGS FOUNDATION SUSTAINABILITY STATEMENT

- The IGS Foundation recognizes the critical importance of sustainability, environmental responsibility, carbon footprint reduction and non-renewable energy consumption and proper stewardship of the earth's resources for future generations. The Foundation agrees with and support the statement and positions of the International Geosynthetic Society.

## IGS FOUNDATION GOAL

### OUR GOAL

- With the great help of our donors, the IGS Foundation wants to support financially initiatives permitting to improve the understanding and promote the appropriate use of geosynthetics technology globally for a more sustainable future.

• International Symposium on Geosynthetics and Sustainability •  
• Technical University (TU) Delft • The Netherlands • 14 May 2024 •

## IGS FOUNDATION, WHAT DO WE DO?

### WE ARE A PROJECT CATALYST

- We are a financial support element that promotes the realization and success of projects that are initiated by members of our INDUSTRY.

• International Symposium on Geosynthetics and Sustainability •  
• Technical University (TU) Delft • The Netherlands • 14 May 2024 •

## IGS FOUNDATION, HOW DOES IT WORK?

### THE MECHANIC

- International Symposium on Geosynthetics and Sustainability •
- Technical University (TU) Delft • The Netherlands • 14 May 2024 •

5

5

## IGS FOUNDATION, WHO BENEFIT FROM IT?

### ALL THE STAKEHOLDERS OF OUR INDUSTRY

- International Symposium on Geosynthetics and Sustainability •
- Technical University (TU) Delft • The Netherlands • 14 May 2024 •

## IGS FOUNDATION

### BENEFICIARIES

- FOR BENEFICIARIES – SUBMIT PROJECTS THAT WILL HELP MAKE OUR WORLD A BETTER WORLD.
- [Request For Funding - IGS Foundation \(theigsfoundation.com\)](https://theigsfoundation.com)

7

## IGS FOUNDATION

### DONORS

- FOR DONORS – DONATE TO HELP MAKE OUR WORLD A BETTER WORLD.
- [Donations - IGS Foundation \(theigsfoundation.com\)](https://theigsfoundation.com)

8

## IGS FOUNDATION

### EXEMPLE

- This is the type of initiative using geosynthetics that the IGS Foundation contemplate to support in regard of Sustainability project.

9

## IGS FOUNDATION CONCLUSION

### ALONE WE CAN DO LITTLE, TOGETHER WE CAN ACCOMPLISH GREAT

This timeless wisdom reminds us of the power of collaboration and unity. When individuals come together, their collective efforts can achieve remarkable feats. Whether it's solving complex problems, creating art, or building a better world, synergy emerges from shared goals and mutual support.

Let's celebrate the strength that lies in togetherness!
